

**THE REVOLUTIONARY
NEW DRY VAC
EXCAVATOR
ATTACHMENT**

LOW NOISE EMISSIONS

Reduced noise means you can work in residential areas without disturbance

LOWER COSTS

Less maintenance than a hydrovac truck and more time on the job site keeps costs down!

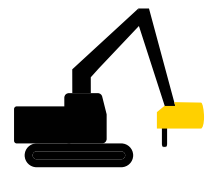

AVOID WEIGHT LIMITS

Reduced noise means you can work in residential areas without disturbance

KEEP ON SITE

No need to order a hydrovac truck when you can keep tinbin on site & attach when needed

NO LICENSE NEEDED

tinbin attaches to your excavator so you won't need a truck licence to operate it

DUMP ON SITE

Dry excavation means no contaminated waste so you can dump in a bin or on site
